Love Is Such A Cheat

(The Gypsy Song)

By
IRVING CAESAR
IRMA HOLLANDER
and GERALD MARKS

Allegretto (à la Zingara)

Piano

A gyp-sy com-ing from the mar-ket place Ran

right in-to a pret-ty face, And you know what that means! — Lots of mon-ey in his jeans, The

girl just in her teens, The scene is Tran-syl-va-ni-a, Where love is such a ma-ni-a, The

gyp-sy came from Buch-a-rest, The girl she came from Bud-a-pest, Now you can guess the rest; — So the

wine be-gan to flow, And so did all his dough, They danced a lit-tle, drank a lit-tle,

Danced a lit-tle, drank a lit-tle, Gyp-sy played his vi-o-lin, She sang to him her song of sin, Her

head up-on his chest;— Bright and ear-ly dawn, Found the girl-ie gone, Leav-ing tip-sy gyp-sy wond'ring

why Love is such a cheat, Love that should be sweet, Leaves and nev-er ev-en says: "Good-bye."

Coda

One thing is cer-tain when you're flirt-in' you will al-ways come to grief, — ye - - s!

Doc-tor, law-er, tink-er, tai-lor, sol-dier, sail-or, beg-gar-man or thief; — ye - - s!

If there's a heart with-in you, You'll con-tin-ue ev-er to be crossed, — ye - s! If there is a miss to kiss you'll

kiss the miss and ev-er you'll be lost. — Love was ev-er thus, So why all the fuss?

Gen-tle-man and la-dy dry your tears, Though your hearts may ache, Young hearts nev-er break You

love and you are fooled thru all the years. And it's the same in Ok-la-hom-a, in Ta-hit-i or Ta-com-a, Where the

la-dies are con-cerned - Here's the les-son to be learned, Your fing-ers will be burned, They'll sing for you and play for you and

turn night in-to day for you, They get you feel-ing in the pink With ev-'ry glass of wine you drink Till you for-get to think-

- And the first thing that you know You're look-ing for your dough. You're look-ing for the la-dy too who

did-n't say good-bye to you, The wine goes in, the truth comes out You won-der what's it all a-bout and boy, do you feel blue-

Gm Dm Gm Dm E7 A7 Dm

- So don't try to be sweet to ev-'ry girl you meet Or you'll dis-cov-er LOVE IS SUCH A CHEAT.
