A beautiful classic, one which is sure to captivate you, possessing as it does the merit of soulful sentiment and sublime expression. No song promises to so thoroughly capture the popular fancy.

Sing it one time, you will sing it again—and yet again.

Positively a winner.

An entrancing melody, with deep lasting expression. In a remarkable manner pleasing and clinging, in fact, strongly appealing.

It will win a prominent place in popular opinion at once. Your repertoire is incomplete without it. This you'll admit immediately.
