Then Come Along, Come Along,
Make no Delay,
Come from every Nation,
Come from every Way,
Our Lands they are broad enough,
Don't be Alarmed,
For Uncle Sam is Rich Enough,
To give us all a Farm,

St. Lawrence marks our Northern line
 As fast her waters flow ;
 And the Rio Grande our Southern bound,
 'Way down to Mexico.
 From the great Atlantic Ocean
 Where the sun begins to dawn,
 Leap across the Rocky mountains
 Far away to Oregon.
 CHO. Then come along, &c.

3

While the South shall raise the Cotton,
 And the West, the Corn and Pork
 New England Manufactories
 Shall do up the finer work ;
 For the deep and flowing waterfalls
 That course along our hills,
 Are just the thing for washing Sheep,
 And driving Cotton Mills.
 CHO. Then come along, &c.

4

Our father's gave us Liberty,
 But little did they dream,
 The grand results that pour along
 This mighty age of Steam ;
 For our mountains, lakes and rivers,
 Are all a blaze of fire,
 And we send our news by lightning,
 On the telegraphic wires.
 CHO. Then come along, &c.

5

Yes ! we're bound to beat the nations
 For our motto's "Go a head"
 And we'll tell the foreign paupers
 That our people are well fed ;
 For the nations must remember
 That Uncle Sam's no fool,
 For the people do the voting,
 And the children go to school.
 CHO. Then come along, &c.

SATIN GLOSS SOAP.

Believing that the time has come when the public want a really good article, we produce the "SATIN GLOSS SOAP," and assert, after our many years experience as Soap Makers, that this Soap is the Best that can be produced for general purposes.

We call it "SATIN GLOSS" because it will impart a glossy whiteness to all clothes washed with it, and being delicately perfumed, and Strictly Pure, it makes an agreeable

BATH AND TOILET SOAP.

The shape of the cake is original and is a particular feature—it being adapted to easy handling and no waste. There is only one way to thoroughly purify clothes, and that is to Boil Them! Any soap that professes to cleanse without labor is too strong to use and full of chemicals that may do the work but will rot the clothes!

REMEMBER THAT, AND DO NOT BE DECEIVED.
