At each wed-ding

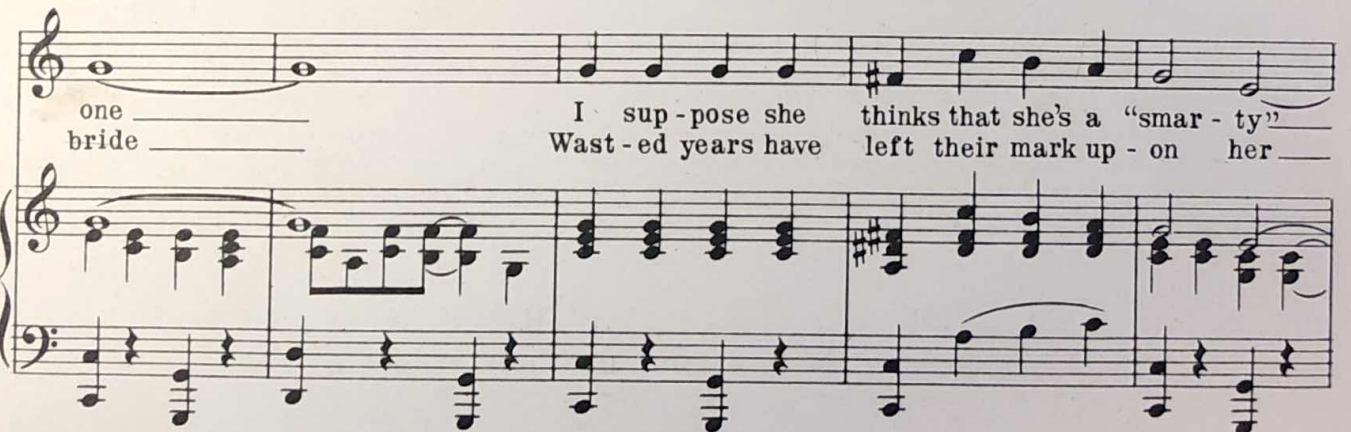

see her at a par - ty, — She has her fun — But not with  
she's the maid of hon - or, — It hurts in - side — To kiss the

I sup - pose she thinks that she's a "smar - ty"  
Wast - ed years have left their mark up - on her —

But some fine day, she'll have to pay  
Why did she play her life a - way?
