# ROOT & CADY,

## CABINET ORGANS.

**C**ONGRATULATE you on the introduction of a new musical instrument, long wanted, and sure to find its way into every household of taste and refinement.

**A** VERY efficient church organ, brought within a small compass, not easy to get out of order, and sold at a low price.

**B**EST of their class of which we have any knowledge. MORE THAN TWO HUNDRED EMINENT OBSERVERS.

**H**AVE every respect for superior to everything of the kind I have seen, whether in Europe or America.

**T**HE **H**AVE never seen anything of the kind which interested me so much.

**H**AVE **T**HOSE who in my estimation every other instrument of this general class.

**H**AVE the favorable testimony of nearly every organist or pianist of note in this country, together with that of certain distinguished foreign authorities, has forestalled our appreciative comments upon the excellence and value of these carefully made instruments.

**O**NCE hearing them will satisfy the most skeptical that they are just what the church has been waiting for.

**R**EGARDLESSLY very effective and beautiful instruments.

**G**RAND accompaniment when the congregation sing.

**A**S compared with Melodeons, Harmoniums, &c., the Cabinet Organ is certainly superior in quality and volume of tone, while its power of expression can hardly be too highly praised.

**N**EXT to a church organ, and that a good sized one, the best instrument with which we are acquainted to accompany church song.

**S**URPASSES everything in this line I have seen, whether French or American.

Made only by HASON & HANLIN, Boston.
