I oft - en won-der and won-der,............ Just what I real-ly would
If they were all fas-ci-na-ting,............ I would-n't know which to

do, ... How I would keep from a blun-der,............
choose, ... I'd set my poor heart de-ba-ting,............

If ev'-ry girl-ie I knew,............ Hap-pened to be just like
Ov-er which one to en-thuse,............ Which one to take, or re-

you,............ I'd be at a loss what to do.............
-fuse,............ Which one to gain or to lose............

poco rall.

CHORUS

If all the girls I knew,............ Were like you,............ like

mf

you,............ I would swear............ to a thou - sand girls,

That .... I'd be true;............. I'd gaze .... in a

thou - sand eyes, I'd............. sigh a thou - sand sighs, For

I'd be in love with a thou - sand girls, If they were all like

you,............. If they were all like you.............
